#### 1 - Quicker uploads and downloads

Unlike ADSL or Mid-Band Ethernet technology, Quantum supplies an equal amount of bandwidth for downloading and uploading with very high bandwidth. This makes it an extremely practical solution for businesses looking to produce and consume information.

#### 2 - Maximum speed for maximum productivity

Our Fibre speeds are available from 20Mbps to Gigabit technology

#### 3 - Practical connectivity for your requirements

Our solution utilises point-to-point, point-to-multipoint and multipoint connectivity, ensuring you can tailor an ideal solution to suit your connectivity requirements.

#### 4 - VPN

Quantum can provide you with a VPN solution to connect your offices with the safest method without using the Internet

Quantum is able to offer you a superior solution whilst still providing personal and comprehensive support 24\*7\*365.

Personalised and powerful, **Quantum Fibre** is a comprehensive service that will match your Internet requirements. Call 1300 081 308 to find out more.
